#### INDEPENDENT AUDITOR'S REPORT

Commissioners' Court Crane County, Texas

#### **Opinions**

We have audited the accompanying statements of cash receipts and disbursements in summary and by fund of Crane County, Texas, as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise Crane County, Texas' basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective statements of cash receipts and disbursements in summary and by fund of Crane County, Texas, as of and for the year ended September 30, 2023 in accordance with the statements of cash receipts and disbursements basis of accounting described in Note 1.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Crane County, Texas, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Emphasis of Matter—Basis of Accounting**

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1, and for determining that the statement of cash receipts and disbursements basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Crane County, Texas' internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Crane County, Texas' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matters**

#### Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Schedule of Cash Invested, Taxing History, Schedule of Changes in Net Pension Liability and Related Ratios, Schedule of Changes in Other Post-Employment Benefit Liability and Related Ratios – Group Term Life Insurance, Schedule of Changes in Other Post Employment Benefit Liability and Other Ratios – Post Employment Healthcare Benefits, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### **NOTE 1: Organization and Summary of Significant Accounting Policies**

The County of Crane County, Texas ("the County") was organized by an Act of the Texas Legislature in August 1927. The County is governed by the Commissioners' Court, a five-member group consisting of the County Judge and one County Commissioner from each of the four precincts. Services provided by the County include public safety, judicial, health, welfare, agriculture, recreation, and culture as well as general administrative and support services.

The accounting policies of the County do not conform to accounting principles generally accepted in the United States of America as applicable to governments. The following is a summary of the more significant policies:

#### Reporting Entity

The County's policy is to prepare financial statements for only those funds, which are maintained by the Office of the County Treasurer. This policy differs from accounting principles generally accepted in the United States of America, which require the presentation of financial statements for the activities of all agencies, organizations, and other governmental entities over which the County exercises oversight responsibility. Accordingly, the County's financial statements are not intended to present financial position and results of operations in conformity with accounting principles generally accepted in the United States of America.

#### Fund Accounting

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its receipts, disbursements, and cash balances. Receipts are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The funds used by the County are as follows:

#### a. Governmental Fund Types

General Funds – These are the general operating funds of the County. They are used to account for all receipts except for those required to be accounted for in other funds.

Special Revenue Funds – These funds are used to account for receipts from specific sources that are legally restricted to be spent for specified purposes.

Debt Service Funds – These funds are used to account for the accumulation of receipts for, and the payment of, long-term debt principal, interest, and related costs.

Capital Projects Funds – These funds are used to account for financial resources that are restricted, committed, and assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

#### b. Proprietary Fund Types

Enterprise Funds – These funds are used to account for activities that render services to the public at large on a basis of charges for these services.

Internal Service Funds – These funds are used to account for activities providing services, on a cost-reimbursement basis, to other funds within the County.

#### NOTE 1: Organization and Summary of Significant Accounting Policies (Continued)

Fund Accounting (Continued)

#### c. Fiduciary Fund Types

Trust and Agency Funds – These funds are used to account for receipts which are collected by the County in a trustee capacity or as an agent for individuals, private organizations, other governments, or other County funds.

#### Basis of Accounting

The County prepares its financial statements on the cash receipts and disbursements basis of accounting. Under this basis, the only asset recognized is cash, and no liabilities are recognized. All transactions are recognized as either cash receipts or disbursements, and noncash transactions are not recognized. This basis differs from accounting policies generally accepted in the United States of America primarily because the financial statements do not give effect to receivables, payables, or accrued items. The beginning and ending balances of each funds are comprised of cash and cash equivalents, as applicable.

A major portion of the County's receipts are collected by County officials other than the County Treasurer. These officials are required to report and remit all receipts which they collect for the County during the month following the collection. Receipts collected by these County officials are not recognized by the County until they are physically remitted to the County Treasurer.

#### Budgets and Budgetary Accounting

The County prepares and adopts an official budget for all Governmental Funds prior to the beginning of each fiscal year. The County holds public meetings for the purpose of obtaining comments from citizens prior to adopting the official budget. Disbursements may not legally exceed the official budget including approved amendments at the departmental level.

#### Cash and Investments

The County's cash includes cash on hand, demand deposits, and certificates of deposit with original maturities of three months or less from the date of acquisition.

The County has elected to invest its funds in investment (TexPool, Texas Class, and TexStar). Investments in the pools are reported as cash investments. The State Comptroller oversees TexPool, an AAA rated pool, with Federated Hermes managing daily operations of the pool under a contract with the Comptroller. UMB Bank is the custodian bank for Texas Class, and in addition, there is a board of directors that oversees the pool which is rated AAA by S&P. TexStar is an AAA rated investment program administered by JPMorgan Chase. These pools are 2(a)7 like funds, meaning that they are structured similar to a money market mutual fund. Such funds allow shareholders the ability to deposit or withdraw funds on a daily basis. Interest is accrued daily and paid monthly. The reported value of the pools is the same as the fair value of the pool shares.

As of September 30, 2023, the County had \$13,967,661 in pooled investments.

#### NOTE 1: Organization and Summary of Significant Accounting Policies (Continued)

Property Taxes

Property values are assessed on January 1 of each year at which time a tax lien attached to the property to secure the payment of taxes. Property taxes are levied on October 1 of each year. The taxes are due upon receipt of the tax bill and are delinquent if not paid before February 1 of the following year at which time they become subject to penalties and interest.

Property taxes are recognized as receipts when they are remitted by the Crane County Tax Assessor-Collector.

Compensated Absences

County employees are entitled to vacation and sick leave based upon their length of employment. Sherriff Deputies and Jailers can sell 40 hours of vacation time on their anniversary of service with the County.

Interfund Transactions

Interfund Transactions have not been eliminated in the financial statements.

#### **NOTE 2: Deposits and Investments**

The County's deposits consist of bank balances, including interest bearing accounts, totaling \$1,528,858 and cash equivalents investment pool guaranteed by the State of Texas and certificates of deposit totaling \$12,632,733. The amounts deposited with the County's contracted depository institution were secured at year end by FDIC coverage and a Federal Home Loan Bank (FHLB) letter of credit. The carrying amount of the County's deposits was \$1,046,548 and the cash equivalents investment pool totaling \$12,632,733. The County has selected departments which maintain cash funds outside the County Treasurer's office. At September 30, the Bank balance and the carrying balance totaled \$394,458 and \$374,040 for their departments. The balance at the bank is categorized as follows:

Amount insured by the FDIC	\$ 250,000
Amount collateralized by FHLB letters of credit	 1,817,169
Total Balance at Bank	\$ 2,067,169

Local government investment pools operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. Local government investment pools use amortized cost rather than market value to report net position to compute share prices. Accordingly, the fair value of the position in these pools is approximately the same as the value of the shares in each pool. The pools manage their exposure to declines in fair values by limiting the weighted average maturity of their investment portfolios to 60 days, and they seek to maintain a constant dollar objective.

#### **NOTE 3: Fair Value of Financial Instruments**

The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the government can access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability.

At September 30, 2023, all cash deposits (as listed in Note 2) are level 1 and all pooled investments (as listed in Note 2) are level 2.

#### **NOTE 4: Bonds and Tax Notes**

General information related to the County's bonds and tax notes payable is summarized below.

#### **Certificate of Obligation Bonds**

The Certificate of Obligation Bonds are direct obligations payable from the ad valorem taxes levied, within the limitation prescribed by law, against all property located with the County's taxing jurisdiction. #### **NOTE 6: Retirement Plan**

#### Plan Description

The County provides retirement, disability, and death benefits for all of its full-time employees through a nontraditional defined benefit pension plan in the statewide Texas County and District Retirement System ("TCDRS"). The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multi-employer public employee retirement system consisting of 618 nontraditional defined benefit pension plans. TCDRS in the aggregate issues a comprehensive annual financial report ("CAFR") on a calendar year basis. The CAFR is available upon written request from the TCDRS Board of Trustees at P.O. Box 2034, Austin, Texas 79768-2034.

The plan provisions are adopted by the governing body of the employer, within the options available in the Texas state statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with 8 or more years of service, with 30 years of service regardless of age, or when the sum of their age and years of service equals 75 or more.

Members are vested after 8 years of service but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by their employer.

Benefit amounts are determined by the sum of the employee's contributions to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the governing body of the employer within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

#### Funding Policy

The County has elected the annually determined contribution rate (ADCR) plan provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the County based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the County is actuarially determined annually. The County contributed using the actuarially determined rate of 18.90% for the months of the accounting year in 2022, and 18.90% for the months of the accounting year in 2023.

The contribution rate payable by all employee members for the calendar years 2021 and 2022 is the rate of 7% as adopted by the governing body of the County. The employee contribution rate and the County contribution rate may be changed by the governing body of the County within the options available in the TCDRS Act.

#### Plan Information

At December 31, 2022, the County had 82 current and 84 former employees and 106 retirees participating in the plan.

#### Actuarial Assumptions

The actuarial assumptions, that determine the total pension liability as of December 31, 2021, were based on the results of an actuarial expense study for the period January 1, 2017 – December 31, 2020, except where required to be different by GASB 68. The economic assumptions were reviewed at the March 2021 TCDRS Board of Trustees meeting an revised assumptions were adopted. These revisions included reductions in the investment return, wage growth, and maximum payroll growth assumptions. The assumptions are reviewed annually for continued compliance with the relevant actuarial standards of practice.

#### **NOTE 6: Retirement Plan (Continued)**

The Following are key assumptions used in the valuation:

Valuation Timing Actuarially determined contribution rates are calculated on a calendar

year basis as of December 31, two years prior to the end of the fiscal year

in which the contributions are reported.

Actuarial Cost Method Entry age (level percentage of pay)

Amortization Method Level Percentage of payroll, closed

Remaining Amortization Period 1.9 years (based on contribution rate calculated in 12/31/2022 valuation)

Asset Valuation Method 5 year smoothed market

Inflation 2.50%

Salary Increases Varies by age and service. 4.7% average over career including inflation

Investment Rate of Return 7.50% net of administrative and investment expenses, including inflation

Retirement Age Members who are eligible for service retirement are assumed to

commence receiving benefit payments based on age. The average age at

service retirement for recent retirees is 61.

Mortality 135% of the Pub-2010 General Retirees Table for males and 120% of the

Pub-2010 General Retirees Table for females, both projected with 100%

of the MP-2021 Ultimate Scale after 2010.

Long-term rate of investment return and target allocation

The long-term expected rate of return on TCDRS assets is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility correlation. The capital market assumptions and information shown below are provided by TCDRS' investment consultant, Cliffwater, LLC. The numbers shown are based on January 2023 information for a 10-year time horizon.

Note that the valuation assumption for long-term expected return is re-assessed at a minimum of every four years and is set based on a long-term time horizon. The TCDRS Board of Trustees adopted the current assumption at their March 2021 meeting. The assumption for the long-term expected return is reviewed annually for continued compliance with the relevant actuarial standards of practice. Milliman relies on the expertise of Cliffwater in this assessment.

### **NOTE 7: Group Term Life Insurance (GTL)**

Plan Description

Crane County participates in the retiree Group Term Life program for the Texas County & District Retirement System (TCDRS), which is a statewide, multiple-employer, public employee retirement system.

#### A brief description of benefit terms:

- 1) All full- and part-time non-temporary employees participate in the plan, regardless of the number of hours they work in a year and are eligible for the TCDRS pension plan. Only employers that have elected participation in the retiree Group Term Life program are included in the OPEB plan.
- 2) The plan provides a \$5,000 post-retirement death benefit to beneficiaries of service retirees and disability retirees of employers that have elected participation in the retiree GTL program.
- 3) The OPEB benefit is a fixed \$5,000 lump-sum benefit.
- 4) No future increases are assumed in the \$5,000 benefit amount.
- 5) Benefit terms are established under the TCDRS Act. Participation in the retiree GTL program is optional and the employer may elect to opt out of (or opt into) coverage as of Jan. 1 each year.

Membership information is shown in the chart below:

Members	Dec. 31, 2021	Dec. 31, 2022
Number of inactive employees entitled	33	31
to but not yet receiving benefits (1):		
Number of active employees:	64	82

Inactive Employees Receiving Benefits (1)		
Number of Benefit recipients (1)	77	75

<sup>(1) &</sup>quot;Receiving benefits indicates the member is retired and receiving monthly pension benefits, and his or her beneficiary is eligible for the \$5,000 lump sum upon the retiree's death

Contributions made to the retiree GTL Program are held in the GTL Fund. The GTL fund does not meet the requirements of a trust under Paragraph 4b of GASB 75, as the assets of the GTL fund can be used to pay active GTL benefits which are not part of the OPEB plan.

Benefit terms are established under the TCDRS Act. Participation in the retiree GTL program is optional and the employer may elect to opt out of (or opt into) coverage as of Jan. 1 each year. The county's contribution rate for the retiree GTL program is calculated annually on an actuarial basis, and is equal to the cost of providing a one-year death benefit equal to \$5,000.

#### Plan Description

The County participates in the Texas Association of Counties Health and Employee Benefit Pool for employee and retiree healthcare. The County provides post-employment healthcare benefits to qualified employees under a single payer plan if the employee's total of County service years and age are at least 75 years, the employee had a minimum of 10 service years if hired prior to June 8, 2010; 20 years of service if hired prior to October 1, 2018, the employee was at least 60 years of age, and the employee was an active employee at time of retirement. Employees hired after October 1, 2018 are not eligible for post employment healthcare benefits.

The following shows the number of participants in the plan as of the September 30, 2023 measurement date:

Active		35
Retired		30
Terminated		-
Deceased *		
	Total Participants	65
	Total Farticipants	0.5

<sup>\*</sup> Deceased participants are only included when a surviving beneficiary is currently receiving benefits

#### Funding Policy

Local Government Code Section 157.101 assigns the authority to establish and amend benefit provisions to the Commissioners Court. The County is under no legal obligation to pay these premiums, and the decision to provide these benefits is made by the Commissioners Court on a year-to-year basis.

At September 30, 2023 employees and retirees paid premiums of \$207 and \$200 for dependent coverage, respectively.

The rates are set by the Commissioners Court based on the combination of premiums and prior year costs of the plan.

### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Commissioners' Court Crane County, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, Statement of Cash Receipts and Disbursements in Summary and by Fund of Crane County, Texas, as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise Crane County Texas' basic financial statements, and have issued our report thereon dated March 22, 2024.

#### Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Crane County, Texas' internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Crane County Texas' internal control. Accordingly, we do not express an opinion on the effectiveness of Crane County, Texas' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Crane County, Texas' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
